The Guardsman Anchor Point Installation Instructions

Thank You for choosing Image4 Security!

Thank you for purchasing from Image4 Security. We pride ourselves on our customer service so if you have any issues or questions please call us on **01384 442 646**, email at customerservice@image4security.com or visit our website for FAQ: <https://image4security.com/faq>.

Below is a link to a step by step installation video. Please use these instructions as well as the install video to guide you through the install process. Simply scan the QR code with your smart phone camera and click to follow the link. If you don't have a smart phone the video link can be found on our website: <https://image4security.com/installation-videos>

Skill Level Required:

Basic – please ensure you have the relevant skills necessary to complete the job. If in doubt please seek professional help. Installation can be arranged by Image4 Security – 01384442646.

Equipment required for installation:

- Allen Key 5mm
- Hammer
- Tape

Equipment included:

Anchor Point Fixings:	Qty
Anchor Point	1
CSK Bolts	2
Ball Barings	2

Installation Steps:

1. Decide on which post leg you would like to position your chain anchor point.
2. Remove plastic hole covers from your chosen post by centre punching the two plastic caps using your Allen key – as per picture across.
3. Marry up anchor holes with post holes and insert 2 bolts using Allen key to firmly tighten.
4. Push 1 ball bearing into head of CSK bolt through a piece of paper (across) or masking tape.
5. Repeat for second bolt.

Congratulations, your Guardsman anchor point install is now complete.

If you feel we could have done something better or you aren't happy with your purchase please let us know at customerservice@image4security.com and we'll do all we can to rectify the issue. Please include details of the issue along with your contact info.

Thanks again from all of us at Image4 Security.
